

about MANLY LIVING

Hi, I'm Nicole and I'm a Manly local. I live in Balgowlah, and I love all the amazing things this beautiful part of the world has to offer.

On the weekend you will usually find me at the beach, shopping and/or eating in Manly, or at the local playground with my children. Weekdays are spent at local cafes and parks, working on Manly Living and shopping at 'The Mall' or doing Pilates if I get a few hours to myself!

Manly Living evolved from a personal need of mine to find a community group or a local online resource. I wanted to know which events were on over the weekend, the best local business to use for house renovations, and which local cafes had wifi and a good coffee! As a marketer myself, I knew this was not just something locals like me could use, but businesses could really benefit from as well.

Our aim is that Manly Living will be the ultimate guide to Manly and surrounding suburbs, a place to find all things local; events, businesses, jobs, news and community initiatives. Please share the love with your local community!

Would you like to increase your presence online and build a larger following? Do want to increase your customer base and/or build brand awareness? Is there a special offer or event you would like to promote?

Manly Living will provide your business with exposure to a very important target market, the local population. Our Facebook Group, Facebook Business Page, and Instagram page provide you with access to a highly engaged audience of both current and most importantly potential customers. We look forward to working with you, and helping your business flourish.

– *Nicole Cordony*

Ruby Lane

100 Pittwater Road Manly

Driven by the philosophy that you can have a mouth-watering meal without compromising on nutrition, Ruby Lane focuses on good, wholesome, local food.

Ruby Lane will re-introduce you to real food and re-establish your definition of 'healthy foods'. You'll eat yourself happy with dishes created from natural, seasonal and nutrient-dense ingredients that will have you struggling to choose. Think vibrant smoothies, organic coffee, nourishing breakfast & lunch bowls and organic wine with organic sticky braised beef ribs for dinner. Children will scrape plates clean with our on-the-go kids' menu featuring favourites without the added sugar. Oh, and don't forget the sweets cabinet, all gluten and refined sugar free :)

All the meat is organic and pasture raised and fish is sustainably caught. There's solar panels on the roof, an efficient recycling system and food waste is turned into bio-energy. We also donate to The Sealife trust to help preserve and protect the awesome turtles of the Northern Beaches, give jar and bottle discounts for bringing your own cup, returning your kombucha bottle or this pubbing jar etc. to ensure the world is a better place.

Ruby Lane is designed for anyone who relishes in eating well and is looking for a fulfilling nutritious breakfast, lunch, snack or dinner, from mums with young children to gym junkies and the everyday commuter.

Want to learn more, why not attend a workshop where you can learn how to make your own bone broth, fermented veggies or how to improve your energy levels?

Or...pick up the ingredients to recreate your favourite dish from our menu by shopping in our organic grocer!

For nutritional, transparent and ethical eating at its very best (and almost tastiest), you can't go wrong at Ruby Lane.

Come say hi to our café, organic grocer or at our next workshop...
